Our USP's

- 1 Attractive designs
- 2 Eco friendly and chlorine free paper
- 3 Durability
- 4 Customer satisfaction

STUDENTS RANGE

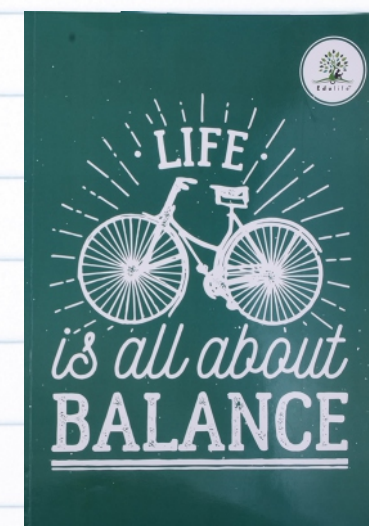

Notebook 18x24 cm

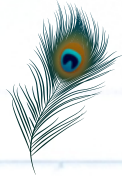

These are the soft cover notebooks generally used by the school students from Grade nursery to 12th. These notebooks are made with fine grade raw material and sophisticated technology in order to satisfy the varied demand of our esteemed clients and customers. They have funky and cool cover designs. Childhood board games are printed at the back side of cover as a stress buster for students.

A4 Register 29.7x21 cm

These are the soft cover registers used by all type of students from schools to colleges. They are made with perfect binding and sewing in order to maintain the life and durability of notebooks and stainless pins are used in center stapled notebooks.

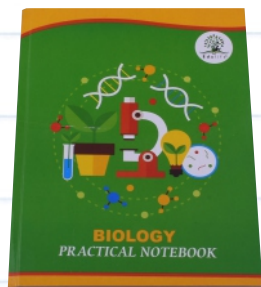

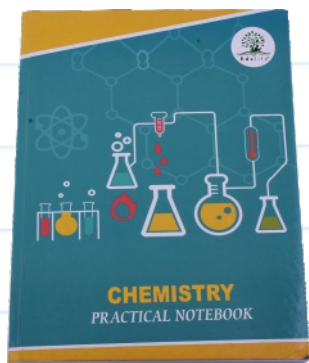

A4 spiral (29.7x21 cm)

These spirals are used by all type of students specially by the Engineering students as it includes four divider which makes it five subjects in order to maintain the five semesters. We use special water spiral instead of steel and iron spiral in order to maintain the safety of consumer which also helps in controlling the damage. We use higher GSM fusion board at the back and single shrink wrap in order to maintain the durability of register.

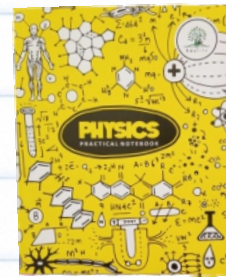

Practical Notebook Hard Bound (22X28 cm)

These are the hard bound practical notebooks with all information for eg certificate graphs, log table and various information related to subject. We use 70 GSM chlorine free paper and hard fusion board to increase the life and durability of notebook.

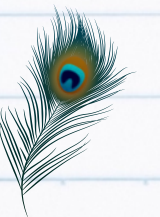

Practical notebook (Board to board pasting and center sewing) (26.5x21 cm)

These are the practical notebooks, made with same 70 GSM paper and with center sewing and pasting of two 300+300 gsm sbs board with all information related to each subject with attractive designs.

A4 Drawing notebook (29.7x21cm)

These notebooks are generally used by school students. We use 120 GSM cartage paper with quality of absorbing water colors with attractive designs.

Sketch Book

These are the products specially used by Art College and Fashion College students with 120 GSM cartage paper which is flexible for all color and art pencils.

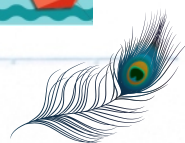

Artist Pad

These are the high quality artist pads generally used by Artist and Art College students with front cover UV and Wiro binding with perforated pages.

Scrap Book

It is majorly used by the school students for the art and craft work. We use 130 GSM color cartage paper in seven different colors for the same.
